

Interface Test Plan

HL7 Healthcare Automation · Generated 2026-08-05 from plan.json

This plan is the source of truth for automated verification. Run **python3 tools/run_interface_tests.py** to execute it and write **documents/test-results.json** + HTML. Update **tests/plan.json** as capabilities are added so the PDF and runner stay aligned.

```
python3 tools/run_interface_tests.py --watch

After compose:
